

MODIFIED SOFTWARE FOR ADPICS PURCHASE ORDERS WITH RETAINAGE

We have modified the software so that manual warrants cannot be used on a voucher header (PCHL1410) with an interface type 'RV,' where the related purchase order (PCHL2340) or direct purchase order (PCHL2360) have retainage.

If users attempt this process, they will get an error message: "T006-Cannot use a manual warrant for contract retainage."
